ABOUT ME

Front-End Developer with over 5 years of experience building scalable and responsive web applications. Specialized in React, Redux, and TypeScript, with a passion for crafting clean, efficient code and delivering user-focused solutions. Recognized for problem-solving skills, teamwork, and consistently meeting project deadlines.

EDUCATION

B.Voc in Software Development,
JSS College, Mysore (2016 – 2019)

WORK EXPERIENCE

Nineleaps 2019 - Present

Software Development Engineer II

- Assessed UX and UI designs for technical feasibility and optimized implementations.
 - Maintained and debugged complex codebases, ensuring high code quality and timely issue resolution.
 - Collaborated with product teams to implement new feature developments.
 - Worked on large-scale front-end applications with state management using Redux (Thunk and Saga).
 - Integrated REST APIs for dynamic, data-driven applications.
-

SKILLS

- React, JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS
 - Redux (Thunk, Saga)
 - Ant Design
 - REST APIs, Git, Agile Development
 - Responsive Design
-

PROJECTS

Sports Team Management Platform for Schools/Universities

Oct 2021 – July 2025

- Created the onboarding flow to support multiple user roles with SSO integration improving accessibility and first-time user experience.
- Created calendar UI and introduced drag-and-drop event creation, significantly simplifying scheduling for end users.
- Built and integrated the 'Optical' feature to detect event conflicts based on participant availability, enabling smarter and error-free event creation.
- Delivered client-ready modules on or before deadlines, demonstrating consistent ownership and reliability across sprint cycles.

Education App for IAS Aspirants

Jul 2019 – Oct 2021

- Built 3 reusable components for module creation including PDF upload, video content upload and Article creation – delivered within tight deadlines and successfully demoed to stakeholders.
- Developed an “Create Quiz” feature, managing complex conditional flows and React state logic to ensure flawless performance.
- Introduced a notes feature allowing users to save and manage personal study content within the platform.
- Developed a question navigator system to increase engagement and streamline navigation through quizzes and tests

ACHIEVEMENTS

- Above and Beyond Award (2024) – Recognized for outstanding project contributions.
 - Extra Mile Performer (2021) – Awarded for exceptional efforts ensuring timely delivery.
 - Best Demonstration – Hackathon (2020) – Won best demonstration award for showcasing a developed app.
 - Employee of the Month – Frequently recognized for delivering complex features on time.
-
